

Advancing safe technologies, improving human lives

The TTTech Group is a leading provider of safe networked computing platforms that make megatrends like the Internet of Things and autonomous mobility a reality. Our solutions are applied in markets like automotive, mobile machinery, aerospace, smart manufacturing and automation and are trusted by many renowned market leaders, based on 20 years of technology leadership. With their leading technology solutions, TTTech Group companies ensure safety and electronic robustness for a more connected, automated and sustainable world.

About 2,300 employees from more than 60 nations work on 20 sites in 14 countries for TTTech Group companies, ensuring proximity to its valued customer base and partners around the globe.

The TTTech Group transfers proven aerospace network technology to mass markets like automotive and manufacturing. TTTech is the innovator of Deterministic Ethernet and a driving force behind the IEEE TSN standard and SAE Time-Triggered Ethernet standard. Based on these deterministic networking standards, our solutions enable highly integrated, safe and efficient software platforms.

Our origin

TTTech was founded in 1998 as a spin-off from TU Wien (Technical University of Vienna), building upon 30 years of research in Europe and the US. Today, TTTech, TTControl, TTTech Auto and TTTech Industrial now operate under the umbrella of the TTTech Group.

The TTTech Group companies have continued with extensive research and development that provides the core technologies for products and services in safety-critical areas. As research is a vital source for innovation, the TTTech Group companies also participate in research programs and maintain close ties to research organizations across the globe.

TTTech Group Facts	
Founded	1998
Headquarters	Vienna, Austria
Employees	2,300
Executives	<i>TTTech Computertechnik AG</i> Georg Kopetz Stefan Poledna Manfred Prammer <i>TTTech Auto AG</i> Georg Kopetz Stefan Poledna Harald Triplat <i>TTControl GmbH</i> Georg Kopetz Manfred Prammer Franz-Josef Eckle <i>TTTech Industrial Automation AG</i> Thomas Berndorfer Artur Gruner
Gross performance 2020	206 million Euros
Targeted growth	> 23% compound annual growth rate
R&D investments	min. 25 % of gross performance
Global presences	Austria, Germany, Italy, Spain, Finland, Czech Republic, Romania, Serbia, Bosnia and Herzegovina, Croatia, Turkey, USA, China, Japan

Markets

Aerospace & Space	Manufacturing & Energy	Automotive	Off-Highway
Safety control platforms and real-time networks	Connectivity and open computing platforms for the IoT	Digital platforms for highly automated vehicles	Automating safe environments for mobile machinery
TTTech	TTTech Industrial	TTTech Auto	TTControl
